COMPENSATION: \$500 for creation, installation, and removal

APPLICATIONS SENT TO: cameronlaws@artsplosure.org

MORE INFO: Visit our social media platforms and search #artputtraleigh for previous events or request photos!

* * * *

Any Artist or Group of Artists is invited to submit a proposal for one of the nine holes. Think of this as a public art exhibit where folks can interact with your artwork while playing a fun game at the same time! Each selected artist will be featured on the First Night Raleigh website and mobile app in addition to their hole being on display at Art Putt.

First Night Raleigh has commissioned set designer Greg Osbeck to construct the actual structure of the individual holes and to make the course cohesive. Artists may select from these base layouts, which are listed at the end of this document, when submitting their designs.

* * * *

Designs will be judged on the following criteria:

PLAYABILITY: Aim for a par 3. Each hole should have the chance at getting a hole in one. We strongly encourage you to go out and play mini-golf so the design has true playability. The design must be something that will cater to a diverse set of people in terms of age and culture.

DURABILITY & SAFETY: It must be able to withstand hundreds of players of all ages playing the hole. The hole must be safe and present no hazards for the players. Artists will be responsible for any maintenance if any part of the structure breaks. **Designs must be weatherproof – think about how it will withstand wind and rain.**

FEASIBILITY: Greg will be available for one 30 minute consult with you as you begin your design...so you will need hole dimensions, materials etc. *Any artistic additions to the provided bases must be easily removable at the end of the installation with no damage to the base.*

CREATIVITY: Go Big!

All proposals must include:

1. Resume of Artist
2. Three sketches with dimensions of your proposed mini-golf hole with a proposed name for your hole.
3. Brief description of your vision for the hole.
4. Details in regards to the materials you intend to use etc. Electricity will not be available.

* * * *

Each selected artist will receive a materials stipend of \$500 to construct the hole. No other compensation will be provided. The installation of the course will take place December 30. Artist will be required to remove their art from the course on by end of day January 1 or specify that the art does not need to be returned.

Admission to play the Art Putt Course is by proof of First Night Raleigh 2017 button.
